Pail Units

NuPulse® Pail milker units

All NuPulse® Pail Milker Units come complete with a bucket, lid, hoses and milker claw. This unit can be attached directly to a mini pump or to the milk line. The NuPulse® units only use 1 line for milk and vacuum, therefore eliminating additional vacuum hoses.

Order #: 10150 - 65# Stainless Steel Pail with milker claw complete
10153 - 35# Stainless Steel Pail with milker claw complete
10154 - 68# Plastic Pail with milker claw complete

NuPulse® Pail Milker Units for Goats

All NuPulse Pail Milker Units come complete with a bucket, lid, hoses and milker claw. This unit can be attached directly to a mini pump or to the milk line. The NuPulse® units only use 1 line for milk and vacuum, therefore eliminating additional vacuum hoses.

Order #: 10151- 65# Stainless Steel Pail with goat claw complete
